PARTY DISCIPLINE.

"Political lines" have never been drawn in local contests in Ford county, but once, we believe, some three or four years ago, and the contest then was an one-sided affair. The political machinery of both Republican and Democratic believe the time has arrived when the as ever. political issues must be met squarely and honestly, and no deviation from the time honored custom of voting for our political preferences, from constable up to President. An important national contest is pending, and to give strength to the general cause we must organize in city, township and county. There is upon substantial foundations, and if we the penitentiary. succeed politically we must form our organizations upon a local basis. A complete city and township organization would have effect in a county This interest is growing rapidly in this from Jacksonville leaves that city at proper to draw "party lines" in a township or city contest is scarcely any longer a negative question. Republicans of Dodge township are asked to consult the success of the party in the preliminary contest at hand.

THE REPUBLICAN PARTY.

Senator Edmunds, in an interview. said he believed the Republican party was stronger to-day than it has been at any time within the past decade. The Santa Fe's Earnings.

The Atchison, Topeka and Santa Fe made an immense increase in net earnings, wholly by reduction of expenses, for there was some falling off in gross earnings. For the eleven months ending with November the gross earnings decreased \$303,135 (24 per cent), but the working expenses were reduced \$1,670,120 (22 per cent); there was an increase no less than \$1,366,585 (23% per cent) in net earnings.
